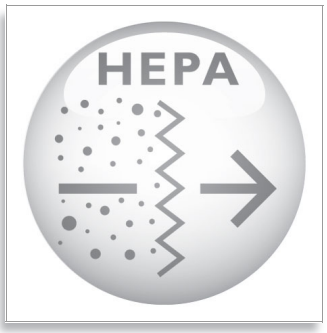
Highlights

Green NiMH battery, longer-lasting performance

Nickel-Metal hydride (NiMH) batteries are green batteries. This means they do not have highly toxic elements, which makes them better for the environment. Furthermore, NiMH batteries have longer-lasting power that ensures performance over time.

HEPA filter to trap fine dust



The HEPA filter ensures that fine dust and microscopic vermin stay inside the dirt chamber.

Exceptionally quiet

The Philips Mini Vac, with its powerful motor, is exceptionally quiet thanks to its special streamlined design. The comfortable noise level allows you to tidy up your home any time you want to.

One-step click-off nozzle, dishwasher safe

The Philips Mini Vac is easy and quick to empty and hygienic to clean. The Philips Mini Vac has a nozzle that easily clicks off in just one step, so you can empty the Mini Vac without touching the dirt. When the nozzle needs cleaning, you simply put it in the dishwasher. That way you've always got a spotless, dirt-free Mini Vac at hand.

Telescopic stick, self-standing, direct charge

The FC6094/11 is a real 2-in-1. It is used as handheld or handstick. With the telescopic stick and floor nozzle it comfortably cleans spills and messes even across larger areas. After use, the FC6094/11 can be parked in between cleaning jobs and charged directly when needed.

Cyclonic and 2-stage filter

The Philips MiniVac's cyclonic airflow keeps the dirt inside rotating to ensure optimal, high suction power and lasting cleaning performance. Its 2-stage filtration system ensures that, once inside, the dirt cannot escape. The first filter blocks most dirt, while the pleated, second filter traps the finer dust particles.

Specifications

Design
- Colour: Titanium and fresh red
- Design features: Translucent dust chamber

Performance
- Battery voltage: 14.4 V
- Battery type: NiMH
- Input power (max): 130 W
- Suction power (max): 26 W
- Vacuum (max): 5 kPa
- Airflow (max): 900 l/min
- Runtime: 11 minute(s)
- Charging time: 16-18 hour(s)
- Noise level (Lc IEC): 80 dB

Filtration
- Dust capacity: 0.5 l
- Filter: 2-stage HEPA

Usability
- Tube type: Telescopic tube
- Special features: Soft touch handle, Direct charging plug, Charging indication

Nozzles and accessories
- Standard nozzle: Floor nozzle
- Other accessories: Charging base

Dimensions and weight
- Weight: 1.6 kg
- Packaging dimensions (L x W x H): 195 x 190 x 528 mm
- A-box dimensions (L x W x H): 403 x 393 x 546 mm
- Appliances per A-box: 4

Issue date 2010-11-03

Version: 4.8.1
